

AFFORDABLE HEALTHCARE ACT WAIVER

(Marketplace Insurance)

Women's Medical Associates will not be responsible for any claims not paid by an Affordable Healthcare Act insurance policy due to non-compliance and/or non-payment of premiums by you, the patient. If the premiums are paid during the grace period and the insurance is reinstated the patient will still be responsible for any charges incurred during that time frame and we will gladly provide you with the information needed to file your claim with your insurance company yourself. We reserve the right to ask you to show a receipt for you paid premiums monthly.

I have read and understand the full meaning of this waiver.
